C4	Budgeting systems as meeting customer requirements.		X
C5	Diagnostic Tools and System Security.	X	
C6	Apply the protocols and standards of safety, quality and respect for the environment in interventions.		X

CONTENTS

- Representation of Information.
- Operation of a Computer. Architecture and Components.
- Computer peripherals.

- Internal components of a computer.
- Storage systems information.
- Multimedia Devices.
- Computer assembly. Breakdowns
- Utilities for maintaining files.
- Backup and cloning.
- Diagnostic Tools and System Security.
